

can we talk?

WITH HCB2

Hitting Cancer Below the Belt (HCB2) travels to your location to educate about colon health and colorectal cancer prevention.

HCB2's entertaining and educational aids include the following:

- 10'x10' Large Inflatable Colon
- *Bending Backwards for the Backside* photo opportunities
- *Love Gut. Protect Butt* game with prizes
- *Bouncy Butt* races with prizes
- HCB2 Cornhole

In addition, our popular educational handouts are distributed:

- Pre-assessment Screening Form
- *Fight Right* Anti-Inflammatory Grocery List
- *Love Gut. Protect Butt* Brochure

"The inflatable colon attracted attention to our clinic site and provided our patients and clients with a close up view of healthy colon tissue and malignant growths. The display had people talking!" ~ David C.

"Hitting Cancer Below the Belt was a big "hit" on the campus of Virginia State University. Perhaps because so many of our students had someone in their family that had experienced colon cancer it made sense that the nonprofit made an indelible impression." ~ Jonathan Y.

"Colon cancer screening can be a difficult conversation to have with anyone. HCB2's inflatable colon is a great conversation starter because it is an attention getter. Education through the inflatable colon can reach countless amount of people." ~ Suzanne T.

Let us help *Bring Up the Rear* at your next event!

HCB2 travels within the Commonwealth of Virginia to bring cancer education and resources in the effort to prevent and defeat colorectal cancer. Contact info@HCB2.org for more information and to discuss potential fees of the "Can We Talk?" outreach program.
