

OH, CRAP!

Call it a *gut* feeling, but it might be **time for a gut check!**

If you have a family history of colorectal cancer and/or are experiencing any of these symptoms:

- **Blood in stool**
- **Abnormal pain/bloating in abdomen**
- **Unusual or odd bowel habits**

Don't delay! Tell your doctor. **They want to know how you go.**

DEFEAT COLORECTAL CANCER.
Learn to love your gut and protect your butt.
